More Information about ITV 2.0

- Blow your competition out of the water! ITV 2.0 will help you develop an operating plan, write your own provisional patent, build the killer app or prototype, and launch your business. We will prepare you for the Shark Tank!

- Access awesome, no-cost-to-you resources like commercialization experts, subject matter experts, prototyping facilities and funding—including an all expenses paid trip to Silicon Valley to meet with Gator alumni tech superstars and investors.

- Earn 6 credits over 2 semesters in the IPPD program, satisfying your senior design and tech elective requirements all while learning best practice product development techniques—proven over 21 years of success in the IPPD program—with 495 projects completed and nearly 3,000 graduates.

- Hone professional skills needed to succeed in business—leadership, oral, visual and written communications, project management, teamwork, ethics, and diversity.

- Follow in the footsteps of IPPD alumni entrepreneurs such as:
  - Amir Rubin, Co-Founder of Prioria Robotics, and Co-Founder and CEO of Paracosm
  - Sarah Knight, Founder and Partner, Talem IP Law
  - Luke Fromowitz, Co-Founder and CTO of Chronos, Inc.
  - Alex Theodore, Co-Founder and CTO of Fracture, LLC
  - Tu-Hien Le, CEO and Chris Chang, COO, of Beaugen LLC

- ITV 2.0 students must meet IPPD eligibility requirements:
  - Have completed the prerequisites for his/her major.
  - Be a senior who is graduating in a spring or summer term
  - Not have more than 30 semester hours left to be completed for graduation

Note that you may currently be enrolled in one or more of the prerequisite courses. You can note this on your application.
